

SC-2K-UTV-MCBPK

Motorcycle M-Chock & Base Plate

Storage / Service Kit

1,000 lbs. Capacity

The iDEAL M-Chock & Base Plate Kit (SC-2K-UTV-MCBPK) is an exclusive designed optional accessory Kit for the iDEAL SC-2K-UTV-X Lift, providing the ability for safe storage or service for most motorcycles up to 1,000 lbs. utilizing the SC-2K-UTV-X Lift's 'multi-adjustable' platform design with multi-directional 'front & side' motorcycle loading. The M-Chock's adjustable self-locking pivot cradle design allows for easy one-person loading & unloading, while the Base Plate provides two mounting configurations for 'front or side' platform loading options at multiple platform locations. The M-Chock & Base Plate 'Storage & Service' Kit comes standard with durable powder-coat paint finish, heavy-duty steel construction while including two Tie-Down Ring Eyelets assisting in securing motorcycle to lift and platforms. If space allows and not exceeding platforms capacity, add another M-Chock & Base Plate Kit to the SC-2K-UTV-X Lift for double the motorcycle storage & service capacities!!
